Howard B. Jones & Son - Mount Pleasant, SC	\$ 41,000.00	included	1 year	1 year

June 15, 2015

City of Clemson Resurfacing of Nettles Park Tennis Courts.

This is a quote for work as described in your RFP. We will use the materials listed in your specifications, including E330 latex (for crack filling and patching) and Riteway Crack Repair (we are the manufacturer's exclusive distributor/installer of Riteway in this area) but we submit for your approval the use of Acrytech surfacing, color system by Stegas, Inc. of Austell, GA. (specifications included in this mailing). We have used this product extensively for the past twenty years with excellent results.

We propose to install 355 lineal feet of Riteway on all visible cracking on the 7 courts except we do not include the cracking along the divider and perimeter fencing.

We offer a three-year warranty against cracks reappearing to the surface on Riteway-repaired areas and the same period for surfacing/color materials against fading and delamination.

BASE BID: \$30,750.00

Treatment of rust-stains on all courts: we will use a stone rotary grinder (gasoline engine power) to go over the entire surface of all the courts. This will help to remove existing stains and to remove any oxidized (and particles that could oxidize) materials on the surface. We will clean surface with scraper and power blower after grinding. Due to the age of the courts it is probable that this problem will not continue, but we cannot give a guarantee on this.

ADD FOR GRINDING: \$1,100.00

Sincerely,
Paul A. Giles

June 30, 2015

**ATTN: Mr. Steve Figueiroa
City of Clemson**

Reference our inspection of single basketball court, Clemson Parks.

We will clean surface, patch surface as necessary and apply Riteway Crack Repair to approx.. 200 lineal feet of cracking. We will then apply one coat of acrylic resurfacer to entire area, then apply two coats of acrylic tennis court colors with sand (colors Green and Blue as tennis courts) and apply White lines as now exist.

CHARGES: \$7,000.00

Tennis Court Benches

We will provide 14 Deluxe 5-foot long White tennis benches (12 slats each bench). Price below includes freight and taxes.

CHARGES: \$3,625.20
